PRICING AND INFORMATION

The Stanford Achievement Test Series, Tenth Edition (SAT 10), offered by NCS Pearson, is a nationally normed achievement test used with confidence by administrators and teachers for nearly 100 years. SAT 10 helps educators obtain reliable data to evaluate progress toward meeting Missouri's Show-Me Standards and national content standards, including those set by NCTE and NCTM. It also allows educators to make achievement and ability comparisons when administered with the Otis-Lennon School Ability Test, Eighth Edition (OLSAT 8).

SAT 10 is composed of the following subtests: Reading, Mathematics, Language, Spelling, Listening, Science, and Social Science. Forms A and D are identical with the exception of the format of the language test.

The Form A language subtest measures language mechanics and expression. The Form D language subtest measures prewriting, composing, and editing that resembles a writing task.

As of July 1, 2026, scoring is included with purchase of test materials.
